* If Backfill date is unknown put -Will Notify-

PERMIT REQUIREMENTS:

You must have a Right-of-Way Permit in your possession while you work within the Township Right of Way where such work involves any of the following:

1. Opening of the street surface, sidewalk, shoulder, or elsewhere in the township right of way.
2. Installation, replacement, repair or adjustment of utility facilities or other structures.
3. Drilling of vent holes, augering, or boring within Township Right of Way

APPLICATION FORM:

Complete all items on the face of this form. Describe in detail what work you intend to do, how you intend to perform the work, and the materials you intend to use.

To avoid delays, submit your application to the Township Engineer's office at least 3 working days prior to the anticipated start of work.

PLANS:

Include a complete sketch of good quality with your application. The plans must clearly illustrate the location and pertinent dimensions of both the proposed installations and related highway features and must comply with Township Ordinance.
